A few basics before beginning:

1. **Prioritize privacy and security**
    a. Avoid sharing sensitive information
    b. Use trusted platforms
2. **Always check for accuracy and bias**
    a. Verify information
    b. Be aware of bias- your own and others
3. **It's a supplement, not a substitute**
4. **The better your prompts, the better the outcomes**

Tips for Prompt Writing using Generative AI

1. **Be specific with what you are asking for**
2. **Be specific with how you would like the output to be presented**
3. **Consider the audience and tone**
4. **Correct mistakes and give feedback**
